

DESCRIPTION OF SERVICES

SENIOR PORTRAITS

Base Package

<p>1-2 Hour On-Location Shooting Session</p>	<p>Graduation is a big deal. You've spent years getting to this point, and now it's time to celebrate. Instead of limiting your options to a small studio environment, I work hard to match you with a unique location that fits your individual taste and personality. Whether you're looking for an urban cityscape, scenic woods, or something in between we'll find a special place to fit your needs. The shoot itself generally lasts about 1 - 2 hours and includes unlimited props and clothing changes so you can bring as much variety to your shoot as you want.</p>	<p>\$150</p>
<p>Custom Digital Album</p>	<p>Each and every one of your final pictures will be individually processed and delivered in a special digital album made just for you. Every photo you receive has been given that expert artistic touch to make sure you're looking your best. This includes lighting/tone adjustments, basic re-touching, black & white conversions, retro film emulation and more.</p>	
<p>Full-resolution images with printing rights</p>	<p>Don't want to order your prints through me? No problem. Although I offer high-quality prints at reasonable prices, I understand your desire for flexibility. That's why I provide your final pictures as full-resolution files and include non-commercial printing rights so you can order as many prints as you like for yourself as well as family and friends.</p>	

Extras

<p>Additional Location</p>	<p>Sometimes choosing between two perfect locations is just impossible. If you can't quite make up your mind, why not add a second location? This includes another ½ - 1 hour of shooting time and can add a great deal of variety to your final album.</p>	<p>\$75</p>
<p>All-Pix DVD</p>	<p>If you want to see every picture that came out of the camera on the day of your shoot an All-Pix DVD is just for you. All-Pix DVD's contain every image taken throughout the day in unedited form straight from the camera. *</p>	<p>\$50</p>

* The Photographer reserves the right to remove images from the All-Pix collection if, for any reason, such pictures are inappropriate for viewing. All-Pix DVD's are provided for archival use only and are not to be used for printing or distribution.
